

Minutes 28/10/2019:

Attendance:

GEORGE COOK  
LOK SANG FONG  
MOHAMMED NAHID HUSSAIN RAIHAN  
SINDISO MATTHEW SIBANDA  
CAI SIDAWAY  
NOAH STEBBINGS  
HAO WU

Points discussed:

-Finalised UML diagrams that we are going to use and made sure that we agreed that they included everything that they needed.

-Decided the classes to use in a Class Hierarchy:

- \*Object
- \*Door
- \*colouredDoor
- \*Terrian

Things achieved since last meeting:

-Most people had come up with some ideas for the UML diagrams and presented them to the group.

For next time:

- Come up with some level file format examples and ideas
- Class hierarchy ideas and paragraphs
- George Cook(984336) finish off UML Diagrams and the explanation of their relationships.

Next Meeting:

-15:00 Wednesday 30<sup>th</sup> October on Discord voice chat.

Minutes for 30/10/2019:

Attendance:

GEORGE COOK  
LOK SANG FONG  
MOHAMMED NAHID HUSSAIN RAIHAN  
SINDISO MATTHEW SIBANDA  
CAI SIDAWAY  
NOAH STEBBINGS  
HAO WU

Points discussed:

-Looked over the work that people had produced. Made sure we agreed and that they met the specification requirements.

Things achieved since last meeting:

- Most people had come up with class hierarchy diagrams and ideas.
- Most people had come up with level file format examples, explanations and ideas.
- UML diagrams were completed and shown to the group with the required write up.

For next time:

-Go over all the work you have produced and make sure it is finalised and made presentable.

Next meeting:

-14:00 Friday 1<sup>st</sup> November.

Minutes for 1/11/2019:

Attendance:

GEORGE COOK  
LOK SANG FONG  
MOHAMMED NAHID HUSSAIN RAIHAN  
SINDISO MATTHEW SIBANDA  
CAI SIDAWAY  
NOAH STEBBINGS  
HAO WU

Points discussed:

- Went over the whole project and collated it all together and made sure that people were happy with the layout.
- Also made sure that it matched what the specification wanted, and we had everything required.

Things achieved since last time:

-People made sure that their work that was going to be in the final submission was up to standard and that we had everything that we needed, for the final file.

Contribution Breakdown:

We decided to give everyone who attended the meeting an even split of the coins for this week. However, some of the members were unhappy with this, because whilst some members did the required work for this week, a couple did not produce much if anything for the final week of the project. And this has been expressed in the contribution report.
